GWYNEDD COUNCIL'S 2022/23 BUDGET

Foreword by the Finance Cabinet Member and Head of Finance

Firstly, I would like to thank all relevant staff for the work of drawing up Gwynedd Council's 2022/23 budget, and to all Members who contributed to a discussion at the Budget Seminars held on 24, 25 and 26 January. There were further detailed discussions at meetings of the Audit and Governance Committee, Cabinet and full Council when setting this budget.

The Council has received a grant increase for 2022/23 which is a significant improvement on what we have received for a number of years. We have received a grant increase of 8.8%, equivalent to over £18 million in external funding. However, a number of factors remain that will create additional spending pressures on our services in 2022/23, and have had to be considered in the development of the budget.

As discussed at the Budget Seminars, despite this year's reasonable settlement, there are a number of factors that will create additional spending pressures on our services in 2022/23; the Additional Spending Requirements considered in the budget total £20.2 million. This includes wage inflation of £8.5 million and other inflation of £4 million.

Since April 2020 the Welsh Government has compensated local authorities for additional costs and loss of income resulting from the pandemic out of their Hardship Fund. Total Government support was in the region of £20m in 2020/21, and support is estimated to be in the region of £15m during 2021/22. However, the Welsh Government Finance Minister has unequivocally stated that this support will cease on 31 March 2022 and local authorities will be expected to fund any additional costs / loss of income due to Covid-19 thereafter. Therefore, the budget includes a further £1.4 million which has been provided to add to a corporate fund to help cope with the situation.

The budget also allocates a funding of £6.7 million to provide additional permanent resources in response to bids presented by Council departments to meet pressures on their services.

The result of all this is that Council Tax has increased by 2.95% for 2022/23 compared to 2021/22. This gives the Council the opportunity to invest further in our services and fund the bids, while giving us the opportunity to reflect on and delay many of the savings plans that had been planned for some time.

Hard work and a willingness to take difficult decisions over a number of years has put Gwynedd Council in a robust financial position. This means that we can plan carefully for the additional pressures we will face next year and in future years, and we already know that our settlement will be significantly lower for 2023/24 and 2024/25. Gwynedd Council has realised over £32.8 million of savings plans since 2015/16; there are worth £595,000 of savings in the programme to be realised in 2022/23.

Overall, there have been prudent assumptions when considering risks for specific grants, inflation, and income levels, while we have carefully re-assessed our ability to deliver savings. When it was approved at the full Council meeting on 3 March 2022, the following budget was a fair estimate of the Council's spending and income needs for 2022/23.

Gwynedd Council is the Lead Authority appointed by the Welsh Government (WG) to manage the North and Mid Wales Trunk Road Agent (NMWTRA). The Agent is a Partnership consisting of the 8 north and mid Wales Unitary Authorities. NMWTRA is responsible for managing and maintaining the trunk road network and associated assets which extends to 1174 km of road network (with 199 km within Gwynedd) and approximately 2000 highway structures including the A55 Tunnels as well as all aspects of the WG highway Intelligent Transport System (ITS). Work carried out by the Agency includes all aspects of trunk road maintenance and improvement, civil engineering, design and supervision. The Agency also has responsibility for managing on behalf of the Welsh Government the Traffic Wales Service (TWS) on an all of Wales basis which includes the Traffic Wales Communications Service, the North Wales Traffic Management Centre and all aspects of WG ITS as well as the Traffic officer Service in the north Wales region. The Agent is also appointed by Welsh Government as Departmental representative to administer the Private Finance Initiative contract for the A55 across Anglesey. NMWTRA staff are located (229) at a number of sites across its network area including: Wrexham (5), Halkyn (39), Conwy (69), Bangor (58), Llandygai (15), Dolgellau (5), Aberaeron (11), Newtown (8) and Llandrindod Wells (19). The agent typically expends £73m - £90m on an annual basis on behalf of WG. All the Agency costs are recovered from Welsh Government

The balance shown does not reflect the true position as part of the income that's related to the service is shown under Corporate services.

THE CAPITAL BUDGET 2022-2023

Capital expenditure involves the provision of new assets for the Council, or the substantial improvement of assets which will be of benefit for a number of years. Also the Council provides various grants, mainly to the private sector to improve Gwynedd's housing stock.

Capital expenditure can be financed from four sources; borrowing, grants and contributions, capital receipts and revenue.

Borrowing

The prudential system for local authority capital finance was introduced on 1 April 2004. Its legislative base is contained in the Local Government Act 2003 and the regulations subsequently made by the Welsh Government enable local authorities to determine their own levels of affordable borrowing. Therefore under the prudential system authorities have to decide for themselves how much they can afford to borrow based on a prudent assessment of their capital expenditure requirements. There is a duty for each authority to set an affordable borrowing limit in advance of each financial year, and to monitor their position against the limit and ensure that it is not exceeded. However, the Welsh Government does announce, as part of the annual settlement, a figure which represents the borrowing level which is supported within the Revenue Support Grant, the unhyphothecated supported borrowing.

The Council borrows most of the money to finance schemes from the Public Works Loan Board and repays it with interest over a number of years.

Grants and Contributions

As part of the annual settlement the Welsh Government allocates a general capital grant. For some capital schemes, the Council receives specific grants and contributions from Welsh Government, Central Government and other bodies.

Capital Receipts

A receipt arising from a disposal is defined as a capital receipt if the authority were the buyer in such a transaction, expenditure on the acquisition of the asset would be classified as capital expenditure – the “mirror principle”. A capital receipt is defined as such if the total proceeds from a disposal are more than £10,000.

When the Council sells assets which are surplus to requirements, the whole amount may be used to finance General Fund capital schemes.

Revenue

The Council may also spend part of its revenue budget or balances on capital schemes.
