1. INTRODUCTION

The Town Centre Repayable Funding Scheme is a scheme to provide repayable funding to support town centre regeneration and to develop vibrant and viable places through the Welsh Government Transforming Towns agenda.

During 2020/21 the Deputy Minister for Housing and Local Government announced an allocation of £10m for the Town Centre Loan Repayable Funding Scheme. This was in addition to the £31.95m provided to authorities across Wales.

As in previous rounds, the core aims of the scheme are to reduce the number of vacant, underutilised and redundant sites and premises in town centres and to support the diversification of town centres. This scheme will encourage more sustainable uses for empty sites and premises, such as residential, leisure and for key services.

By supporting the vibrancy and viability of town centres the outcomes should focus on supporting job creation and economic growth, tackling poverty, increasing the supply and quality of accommodation offer, and supporting targeted training and recruitment during construction.

2. LOAN SPECIFICATION

2.1. Investment size, term and security

Loans will have a minimum value of £5,000, with no maximum value up to the available balance remaining in the fund. The maximum term of a loan will be for 5 years. There is a choice of repayment terms:-

- Monthly or quarterly staged repayments
- Full repayment at the end of the loan term
- Upon sale of the property

Security over property(ies) will be taken which may include charges ranking behind the applicant's bankers. However, in balancing the owners' risks with the Fund's risks, personal guarantees will also be sought when appropriate.

2.2. Applications eligible for support

The Fund operates within the following centres: Caernarfon, Blaenau Ffestiniog, Porthmadog, Pwllheli, Bethesda, Llanberis, Penygroes, Nefyn, Penrhyndeudraeth, Cricieth, Y Bala, Abersoch, Dolgellau, Abermaw, Tywyn, Harlech, Aberdyfi, and Bangor City Centre boundaries and all properties subject to applications should be located within these boundaries.

Eligibility is restricted to owners of properties for the purpose of reducing the number of vacant, underutilised and redundant sites and premises and supporting diversification by encouraging more sustainable uses for empty sites and premises, such as residential, leisure and for key services. The provision of loans to clear existing debts or existing loans from lenders is not eligible for consideration.

Owners of properties may be businesses (sole traders/partnerships/companies), social enterprises, landlords, housing associations, developers, or private residents.

- Applicants that can easily obtain commercial finance to fund the improvement works will be directed to other appropriate sources of funding.
- Other funding options can be used in conjunction with the loan as long as they are funding separate works
- All applicants will be required to demonstrate an ability to repay the borrowing:-

a) Businesses and social enterprises to provide a business plan, at least 3 years' trading accounts, cash flow and profit and loss forecast;

b) Landlords to provide details of properties owned and rental income;

c) Private residents to provide details of income and a Personal Budget Planner. All applications must comply with State Aid Rules

2.3. Pricing All loans will be interest-free.

A one-off administration fee of up to 15% will be charged for individual loans to cover any expenses or costs incurred, and to reflect the level of risk. Fixed expenses incurred by the Council such as legal fees, valuation fees and business appraisal reports will have to be reimbursed in full by the applicant before the loan is drawn down. The fee to reflect the level of risk is dependent on the loan to value ratio of the security offered, and will be determined by the Loans Panel.
