Annwyl Nia,

## Cynllun Datblygu Lleol ar y cyd Gwynedd ac Ynys Môn – Ymgynghori ar Gofrestr y Newidiadau â Ffocws

Diolch ichi am eich llythyr dyddiedig 23 Chwefror 2016 at Lywodraeth Cymru am ymgynghoriad Cynghorau Gwynedd ac Ynys Môn ar eu Cofrestr o Newidiadau â Ffocws

Mater i'r Arolygydd Cynllunio a benodwyd fydd penderfynu a yw cynllun yn un "cadarn" ai peidio. Mae'r Newidiadau â Ffocws sy'n cael eu cynnig wedi cael eu hystyried yng ngoleuni'r sylwadau a wnaed ar y Cynllun Adnau ar 31 Mawrth 2015 ac yn unol â'r profion cadernid.

Mae'r **Atodiad** amgaeedig yn ymateb manwl a yw'r Gofrestr o Newidiadau â Ffocws yn mynd i'r afael â'r materion a godwyd yn ein sylwadau ar y Cynllun Adnau, yn ogystal â'r newidiadau hynny nad oeddent yn rhan o'r Cynllun Adnau. Yn ogystal, rydym yn credu **nad yw'r newidiadau â ffocws** yn mynd i'r afael â nifer o faterion pwysig a godwyd yn ein sylwadau ar y Cynllun Adnau. Mae'r atodiad hwn yn nodi pa rai o'n gwrthwynebiadau sy'n sefyll o hyd, a pham.

Hoffwn dynnu'ch sylw yn benodol at:

- **Gwarchod a chyflenwi tir ar gyfer defnydd cyflogaeth**
- **Isadeiledd a'r datblygiadau sy'n gysylltiedig â phrosiect Wylfa**
- **Tai: yn benodol, cyfraddau lleoedd gwag; tafluniad darparu; a datblygiadau gam wrth gam**
- **Darparu ar gyfer Sipsiwn a Theithwyr – addasrwydd ac ymarferoldeb i gwrdd â'r angen**
- **Ynni Adnewyddadwy – nid yw'n cynrychioli polisi cenedlaethol**

Yn ogystal, mae gennym ragor o sylwadau lle gwelwn fod angen mwy o eglurder yng ngoleuni polisi cenedlaethol a/neu am fod diffyg sail tystiolaeth.

- Tai fforddiadwy – cyfraniad o ymrwymïadau a dyraniadau
- Asesiad o'r Dirwedd
- Y Gymraeg – cydymffurfio â pholisi cenedlaethol
- Fframwaith monitro

Credir y gallai fod yn bosibl esbonio a mynd i'r afael â'r materion uchod fel rhan o'r gwrandawiadau neu fel Newidiadau o Faterion sy'n Codi (MACs) os bydd yr arolygydd yn teimlo bod angen hynny.

Yn gywir,

**Mark Newey**  
**Pennaeth y Gangen Cynlluniau**  
**Cyfarwyddiaeth Gynllunio**

Byddai'n ddefnyddiol pe bai'r awdurdodau yn esbonio'r effaith ar nifer swyddi a'r effaith ar y tai a ddarperir pe na bai'r cynnig i ddatblygu Wylfa Newydd yn digwydd dros gyfnod y cynllun.</p> <p>Gan nad oes gofynion sy'n benodol i'r safle o ran isadeiledd yn Wylfa Newydd ac oherwydd y penderfyniad i ddileu cynlluniau trafndiaeth cysylltiedig yn NF24 a'r diffyg tystiolaeth ynghylch costau ac amserlenni, nid yw'n glir a ddaw Wylfa i fod. <b>Dylai'r Cyngorau nodi'r isadeiledd sydd ei angen i gefnogi Wylfa Newydd a rhoi sicrwydd y caiff y cynllun ei ariannu a'i ddarparu dros gyfnod y cynllun.</b></p>

Fodd bynnag, nid yw'n glir o dystiolaeth y Cyngorau eu hunain beth yw'r gyfradd llefydd gwag. Er enghraifft, dywed papur Edge Analytics mai 12.2% yw'r gyfradd llefydd gwag yng Ngwynedd a 10.5% ym Môn. Fodd bynnag, y cyfraddau trosi a ddefnyddiwyd yn DC.017/DC.018 yw 16.5% ac 11.9%. <b>Byddai'r cynllun yn gliriach pe bai'n nodi'r gyfradd llefydd gwag, gan gynnwys esbonio pam mae'r gyfradd yn briodol ar gyfer amgylchiadau lleol.</b></p>

Mae Llywodraeth Cymru'n cefnogi'r gwaith ychwanegol sy'n cael ei wneud gan y Cyngor i ddangos maint y cyflenwad 5 mlynedd o'r arolygiad ymlaen. Fodd bynnag, yn ôl Llywodraeth Cymru, mae beiau ar y tafluniad. <b>Nid yw'n glir o'r tafluniad beth yw perthynas holl elfennau'r cyflenwad dros gyfnod y cynllun â'i gilydd a'u perthynas â chynnal cyflenwad pum mlynedd.</b> Mae Atodiad 2 ond yn eu crynhoi mewn un golofn. Nid yw'n glir chwaith beth fydd effaith yr hyblygrwydd a ganiateir ar y tafluniad. Nid yw'n glir a yw 10% yn ddigon i ddelio â phroblemau fel tangyflenwi ar bwyntiau tyngedfennol ar y tafluniad. Dear Nia,

## **Gwynedd and Ynys Mon's joint Local Development Plan – Consultation on the Schedule of Focussed Changes**

Thank you for your letter of 23<sup>rd</sup> February 2016 notifying the Welsh Government of Gwynedd and Ynys Mon's Council's Schedule of Proposed Focussed Changes consultation.

The matter of whether a plan is considered 'sound' will be for the appointed Planning Inspector to determine. The proposed Focussed Changes have been considered in the light of the representations made to the Deposit Plan on 31 March 2015 and in accordance with the tests of soundness.

The attached **Annex** provides a detailed response on whether the Schedule of Proposed Focussed Changes meets the matters raised in our deposit representations, in addition to those changes that were not part of the Deposit Plan. Further to the above, we consider **the focussed changes are silent** in respect of a number of key issues that were raised within our deposit representation. The annex sets out where and why our objections are still maintained.

I wish to draw your attention specifically to:

- **Safeguarding and allocating land for employment purposes**
- **Infrastructure and Wylfa project associated development**
- **Housing: specifically vacancy rates; delivery trajectory; and phasing**
- **Gypsy and Traveller Provision – suitability and deliverability to meet need**
- **Renewable Energy – does not transcribe national policy**

In addition, we have further representations where the approach requires clarification in light of national policy and/or limited supporting evidence base.

- Affordable housing – contribution from commitments and allocations
- Landscape assessment
- Welsh Language – conformity with national policy
- Monitoring framework

It is considered that it may be possible for the above matters to be addressed and explained as part of the hearing sessions or as Matters Arising Changes (MACs) if deemed necessary by the Inspector.

Yours sincerely,

**Mark Newey**  
**Head of Plans Branch**  
**Planning Directorate**

***Annex***

	<p>this evidence, how allocated sites will be delivered and how this will not adversely impact on viability and the phasing of housing sites.</p> <p>To secure the necessary infrastructure, the Council should be certain that without a CIL charge in place and an inability to 'pool' future S106 agreements (beyond 5 per specific infrastructure item), the delivery of sites and key infrastructure will not be inhibited.</p>
--	--

NF45 NF24	<p><u>Policy PS9: Wylfa Newydd Project Associated Development</u></p> <p>Paragraph 7.3.19 as amended by NF45, highlights the significant employment opportunities at Wylfa Newydd, Menai Science Park and the spin-off opportunities from associated infrastructure projects and new businesses. <b>The authorities should clarify the total number of jobs proposed over the plan period and explain how this aligns to the delivery and phasing of new housing allocations.</b> The timing and delivery of sites in the plan is inextricably linked to the decision to invest in Wylfa. It would be useful for <b>the authorities to explain the impact on job numbers and the effect on housing delivery if the proposal at Wylfa Newydd did not come forward over the plan period.</b></p> <p>In the absence of site-specific infrastructure requirements at Wylfa Newydd, the deletion of associated transport schemes in NF24 and a lack of evidence on costings and timescales, the delivery at Wylfa is unclear. <b>The Councils should identify the infrastructure requirements to support Wylfa Newydd and provide reassurance on its funding and delivery during the plan period.</b></p>
--------------	--

<b>Settlement Strategy</b>	
----------------------------	--

NF28	<p><u>Policy PS5: Sustainable Development</u></p> <p>The WG maintains its objection to Policy PS5 as currently worded by NF28, which seeks "greater self-containment" in the Centres and Villages. The authorities should clarify how this approach impacts on development in the Centres and why it isn't more appropriate in the less sustainable Villages.</p>
------	---

<b>Housing</b>	
----------------	--

NF13	<p>The proposed focussed change includes a reference to the household to dwelling conversion vacancy rate. However, it is not clear from the Councils own evidence what the vacancy rate is. For example, the Edge Analytics papers states that vacancy rates for Gwynedd &amp; Anglesey are 12.2% and 10.5% respectively. However, the conversion rates utilised in the DC.017/DC.018 are 16.5% and 11.9%? <b>It would aid the clarity of the plan if the vacancy rate was stated in the plan, including an explanation as to why the rate is appropriate for local circumstances.</b></p>
------	---

NF59	<p>The proposed focussed change introduces a link from the plan to a new housing trajectory. (Housing Trajectory, PT.033, February 2015). The Welsh Government supports the additional work undertaken by the Council which numerically demonstrates a 5 year supply from examination. However, the Welsh Government considers that the trajectory has some short-comings. <b>It is unclear from the trajectory, the interrelationship of all the components of supply over the plan period and their relationship to maintaining a five year supply.</b> Appendix 2 only summarises them in one column. It is also unclear as to how the flexibility allowance relates to the trajectory. It is unclear whether the 10% is sufficient, to deal with issues of under delivery at key 'pinch points' in the trajectory. This will be a matter for the LPA to demonstrate.</p>

Dear Nia

**ANGLESEY AND GWYNEDD JOINT LOCAL DEVELOPMENT PLAN 2011-2026**  
**HORIZON NUCLEAR POWER WYLFA LIMITED REPRESENTATIONS ON FOCUSED CHANGES**  
**(FEBRUARY 2016)**

Horizon Nuclear Power Wylfa Limited ("Horizon") welcomes the opportunity to comment on the Isle of Anglesey County Council and Gwynedd Council ("Councils") Joint Local Development Plan ("JLDP") Focussed Changes (February 2016) and to continue dialogue with the Councils as part of the latest JLDP consultation.

The publication of the Focussed Changes follows earlier consultation on the Deposit Draft JLDP in March 2015 where Horizon made representations that included a number of important and fundamental proposed changes to the JLDP. Horizon is also aware that the Councils have submitted the JLDP to the Welsh Government and Planning Inspectorate for Public Examination.

As you know, Wylfa Newydd and the associated development represents a multi-billion pound investment and it will not only provide secure low carbon electricity for many decades, but will create significant long term employment opportunities and economic benefits for Anglesey, Gwynedd and North Wales.

We are therefore fully invested in the future of Anglesey and is committed to continued working with the Councils to ensure that the JLDP provides an appropriate balance to recognition and support for the Wylfa Newydd with the communities' needs.

## HORIZON COMMERCIAL

We are pleased that a number of our proposed changes to the Deposit JLDP have been incorporated into the 'Focussed Changes' which serves to strengthen support in the JLDP for the Wylfa Newydd. However, we are concerned that a number of our fundamental proposed changes to the Deposit Draft JLDP have not been supported.

Our primary concern is the absence of a clear suite of Wylfa Newydd specific policies, which has not been addressed by the Focussed Changes. It is currently for the reader to wade through a significant number of policies to 'pick out' and appropriately balance those elements that are appropriate for assessing development at Wylfa Newydd. This significantly affects the ability of the policies to be easily interpreted, particularly by members of the public, and so undermines their effectiveness.

Accordingly, please find enclosed the following in support of our representations:

1. A summary note explaining the nature of Horizon's further representations; and
2. A schedule setting out additional specific representations as a result of the Focussed Changes. Horizon has agreed with the Councils that given the format of the 'Focussed Changes', its representations can be provided in tabular form for ease of reference against Horizon's representations on the Deposit Draft JLDP.

We would also like to confirm our desire to appear at the hearing sessions relevant to the representations set out in our enclosed responses.

We would stress again that these concerns are raised in a constructive manner and with a continued desire to work alongside your Councils to successfully advance the Wylfa Newydd. With this in mind, we would welcome an early opportunity to meet to discuss the contents of our latest representations with you and your officers.

Yours sincerely,

**Kieran Somers**  
Head of Planning

## CYNLLUN DATBLYGU LLEOL AR Y CYD ADNAU YNYS MÔN A GWYNEDD 2011-2026 ANGLESEY AND GWYNEDD DEPOSIT JOINT LOCAL DEVELOPMENT PLAN 2011-2026

### HORIZON NUCLEAR POWER WYLFA LIMITED REPRESENTATIONS TO FOCUSED CHANGES (APRIL 2016)

#### **a) Introduction**

- 1.1 Horizon Nuclear Power Wylfa Limited (“Horizon”) welcomes the opportunity to comment on the Isle of Anglesey County Council and Gwynedd Council (“Councils”) Joint Local Development Plan (“JLDP”) Focussed Changes (February 2016).
- 1.2 The publication of the Focussed Changes follows earlier consultation on the Deposit Draft JLDP in March 2015 where Horizon made representations that included a number of important and fundamental proposed changes to the JLDP.
- 1.3 Horizon is also aware that the Councils have submitted the JLDP to the Welsh Government and Planning Inspectorate for Public Examination.
- 1.4 Horizon is advancing proposals for the construction and operation of a new nuclear power station at Wylfa (“Wylfa Newydd”). As outlined in Horizon’s representations to the Deposit Draft JLDP, Wylfa Newydd and the associated development (“Wylfa Newydd Project” or “Project”) is likely to be one of the biggest, if not the biggest, energy investment in Wales. Horizon is therefore fully invested in the future of Anglesey and welcomes continued dialogue with the Councils as part of the latest JLDP consultation.
- 1.5 Accordingly, please find enclosed a table of representations entitled ‘Additional Specific Representations to Focussed Changes’ setting out Horizon’s detailed comments to the Focussed Changes.
- 1.6 Horizon has agreed with the Councils that given the format of the Focussed Changes, its representations are provided in tabular form for ease of reference against Horizon’s representations on the Deposit Draft JLDP.
- 1.7 Horizon’s representations have particular regard to the Government’s requirements relating to soundness and legal compliance, further emphasised in national planning policy as set out in Planning Policy Wales (Edition 8, 2016) (“PPW”). The accompanying table provides Horizon’s detailed comments, sets out whether Horizon considers that the Focussed Changes meet the soundness tests, and makes recommendations including, where appropriate, proposed changes to the JLDP.

#### **b) Representations to the JLDP Focussed Changes**

- 1.8 Horizon is pleased that a number of its proposed changes to the Deposit Draft JLDP have been incorporated into the Focussed Changes which seeks to strengthen support in the JLDP for the Wylfa Newydd Project. Horizon considers this to be a positive move, particularly as Wylfa is identified within the National Infrastructure Plan 2014 (published December 2014) as a ‘Top 40 priority infrastructure investments’ energy project in the UK. It is crucial therefore that the JLDP recognises and reinforces the importance of the Wylfa Newydd Project.

## HORIZON COMMERCIAL

- 1.8 Horizon is concerned however that the Wylfa Newydd specific policies it proposed to the Deposit Draft JLDP have been rejected by the Councils and have not been incorporated as part of the Focussed Changes. A copy of the proposed Wylfa Newydd specific policies, which are proposed to sit beneath draft Policy PS9, are provided at Appendix of this note for ease of reference.
- 1.9 Horizon considers that the magnitude, timing (the duration of the Project) and national context of the Wylfa Newydd Project justifies the need for a clear suite of Wylfa Newydd specific policies enshrined in the Development Plan, rather than any Wylfa specific Supplementary Planning Guidance alone, to recognise the unique status of the Project.
- 1.10 Horizon considers that the emerging JLDP (as amended by the Focussed Changes) does not provide a sufficiently clear policy framework to support and provide the necessary control for significant elements of the Wylfa Newydd Project. It is critical that there is a clear suite of policies against which the Councils can determine applications where they are the decision maker and make representations where they are a consultee, i.e. for the DCO. It is particularly important that the policies perform this joint role given the emerging changes in the draft Wales Bill, which are now likely to include the option to combine the consenting process for associated development for major electricity generating projects (over 350MW) in Wales within the DCO regime.
- 1.11 As Horizon explained in its original representations to the Deposit Draft JLDP, in Wales the consent regime for Nationally Significant Infrastructure Projects (“NSIP’s”) operates alongside the town and country planning regime. While Wylfa Newydd itself will therefore be determined under the Planning Act 2008, a significant amount of development will need to come forward under the Town and Country Planning Act 1990 (as amended) (“TCPA”) as associated development in connection with the Project (or through the DCO if the changes currently proposed through the draft Wales Bill come into effect).
- 1.12 Crucially, Horizon anticipates the need for TCPA applications for associated development to be consented early will become increasingly necessary. This is because examining authorities for Welsh DCO’s continue to put increasing pressure on developers to have their TCPA applications approved by the time of DCO examination to provide certainty and to ensure that there is no impediment for bringing forward such important and significant infrastructure projects. It is critical therefore that the JLDP provides the appropriate planning policy framework so as not to create a barrier or unnecessary hurdles for applications for associated development proposed in connection with the Project.
- 1.11 For those reasons, Horizon strongly urges the Councils to reconsider incorporating the proposed Wylfa Newydd specific policies as part of the JLDP. Incorporating the proposed Wylfa Newydd specific policies provides an opportunity for those policies to clarify, where appropriate, where the Wylfa Newydd specific policies carry greater weight or create exceptions to other policies in the JLDP while still providing a robust assessment framework.
- 1.12 As currently drafted however, Horizon considers the draft JLDP policies to be insufficiently flexible and lacking the clarity required by planning policies to appropriately assess planning application proposals for associated development. As currently drafted it is for the reader to wade through a significant number of policies to ‘pick out’ and appropriately balance those elements that are appropriate for assessing development at Wylfa Newydd. This significantly affects the ability of the policies to be easily interpreted, particularly by members of the public, and undermines their effectiveness.

## HORIZON COMMERCIAL

- 1.13 Horizon made it clear that its representations to the Deposit Draft JLDP were based on those Wylfa Newydd site specific policies being incorporated into the future JLDP. It therefore reserved its right to make further representations/comments to any future consultation such as these Focussed Changes if that was not accepted. This meant that it was able to take a lighter touch approach to commenting on the remainder of the Deposit Draft JLDP on the basis that the Wylfa Newydd specific policies would establish the primary relevant policies for the Project.
- 1.14 It was for those reason that Horizon’s representations for the JLDP did not comment in any detail (nor seek specific amendments) on a number of other policies, which would in the absence of Wylfa Newydd site specific policies, form the policy context for the Project.
- 1.15 As the Focussed Changes do not incorporate the Wylfa Newydd site specific policies proposed in Horizon’s representations to the Deposit Draft JLDP, the enclosed table now proposes specific and fundamental changes to a number of policies including: ISA2, ISA3, ISA5, ARNA1, CYF1, CYF2, CYF4, PS12, MAN6, Chapter 7.4, TAI2, TIA3, PS14, PS16 and MWYN9. While Horizon remains of the view that the inclusion of Wylfa Newydd site specific policies is the most robust way forward, in the event the Councils do not do so it is crucial that the JLDP is further amended so that there is a clear distinction between those policies that relate to general application proposals and those that relate to the Wylfa Newydd Project (associated development in particular) to ensure that the JLDP is sufficiently flexible and that there is a clear mechanism for implementing JLDP policies in relation to the Project. To that end, Horizon now makes representations that some policies should specifically exclude the Wylfa Newydd Project where they are potentially too restrictive if applied to associated development proposed in connection with the Project. In these cases, Horizon have proposed alternative wording which would be more appropriate to apply to the primarily temporary and bespoke associated development uses proposed as part of the Project.

### **c) Soundness Test**

- 1.16 PPW stresses the need for Local Development Plans (LDP’s) to meet the three soundness tests which comprise:
- Does the plan fit? (i.e. is it clear that the LDP is consistent with the other plans?)
  - Is the plan appropriate? (i.e. is the plan appropriate for the area in the light of the evidence?)
  - Will the plan deliver? (i.e. is it likely to be effective?)
- 1.17 The Deposit Draft JLDP set out ten criteria for assessing soundness, which Horizon assumes also apply to the Focussed Changes. These are referred to, in summary and where relevant, in the accompanying table of representations.
- 1.18 In its current form, Horizon does not consider that the JLDP meets the soundness tests because:
- The policies do not create a coherent framework of policies in respect of associated development that will be promoted in connection with the Wylfa Newydd Project and is at odds with the Planning and Compulsory Purchase Act 2004. The JLDP does not therefore meet the “Does the plan fit?” soundness test (soundness test CE1 of the Deposit Draft JLDP).

## HORIZON COMMERCIAL

- The policies are not realistic or appropriate having considered relevant alternatives and could constrain the ability of the plan to adapt to changes in the number and type of major infrastructure projects associated with the Wylfa Newydd Project. The JLDP therefore fails to meet the “Is the Plan appropriate?” soundness test (soundness test CE2 in the Deposit Draft JLDP).
  - The JLDP is insufficiently flexible to appropriately provide for associated development. In order for the JLDP to be effective, Horizon considers it fundamental that the JLDP include Wylfa Newydd specific policies as proposed at the Deposit stage. In the absence of such specific policies, further focussed changes are required to other relevant policies to ensure that they are fit for purpose for determining applications for associated development proposed in connection with the Project and for providing consultation responses in relation to the DCO application.
- 1.19 As currently drafted, Horizon considers that the draft JLDP does not meet the three soundness tests and does not therefore provide the appropriate and necessary planning policy framework for the Wylfa Newydd Project.
- 1.20 Horizon urges the Councils to incorporate the Wylfa Newydd site specific policies and proposed changes to ensure that there is a clear planning policy framework so as to help realise (and not create a barrier to) the very urgent need for new nuclear power generation in the UK.
