

JOINT ANGESLEY AND GWYNEDD LOCAL DEVELOPMENT PLAN (2011 – 2026)

PUBLIC EXAMINATION: Hearing Session 7 – Minerals and Waste

Action Point S7/PG14 – Policy PS 5/ PCYFF 1

Introduce a Matters Arising Change to strengthen the reference made towards disposing of waste sustainably.

11 Councils' response:

1.1 PS 5 policy refers to the need to incorporate sustainable principles in order to contribute, e.g. to reduce and recycle waste. In order to strengthen Policy PCYFF 1 the Councils wish to introduce a Matters Arising Change to amend criterion 6, as shown below:

6 ~~should have regard to the generation, treatment and disposal of waste~~ include provision for storing, recycling and waste management during the construction period and occupancy period

1.2 The aim is to encourage less waste production, more recycling, composting, etc from the outset and during the development's lifespan.
