**JOINT HOUSING LAND AVAILABILITY
STUDY 2016**

BETWEEN GWYNEDD COUNCIL LPA AND THE STUDY GROUP:

**HOME BUILDERS' FEDERATION
DŴR CYMRU WELSH WATER
NATURAL RESOURCES WALES
RURAL HOUSING ENABLER – NORTH
WEST WALES REGION
NORTH WALES HOUSING ASSOCIATION
GRŴP CYNEFIN**

PUBLICATION DATE: AUGUST 2016

Contents

1. Summary
2. Housing Land Supply
3. Commentary

Appendix 1 – Site Schedules

Appendix 2 – Past Completions Data

Appendix 3 – Previous Land Supply Data

1. Summary

- 1.1 This is the Gwynedd Council Joint Housing Land Availability Study (JHLAS) for 2016 which presents the housing land supply for the area at the base date of 1st April 2016. It replaces the report for the previous base date of 2015.
- 1.2 The JHLAS has been prepared in accordance with the requirements of *Planning Policy Wales* (PPW) (<http://gov.wales/docs/desh/publications/160104planning-policy-wales-edition-8-en.pdf>) and Technical Advice Note 1 (TAN 1) (<http://gov.wales/docs/desh/policy/150209tan-1-joint-housing-land-availability-studies-2015-en.pdf>). Please refer to these documents for details of the requirements for the maintenance of a five year housing land supply in each Local Planning Authority area and the process for undertaking the JHLASs.
- 1.3 Section 2 sets out details of the housing land supply and how it has been calculated. It shows that based on the residual method set out in TAN 1 Gwynedd Council has **2.9 years** housing land supply.
- 1.4 TAN 1 notes the following: “In situations where the adopted LDP only covers part of the 5-year study period, the average annual requirement from the LDP should be extrapolated to give an estimate of the land required. In such circumstances it should be demonstrated that the adopted plan overlaps the study period by providing the dates of the adoption and expiration of the plan period”. The Gwynedd Unitary Development Plan (2001-16) was adopted in July 2009 and expires in 2016. It therefore overlaps the Study period.

Involvement

- 1.5 The housing land supply has been assessed in consultation with:
- Home Builders Federation (HBF)
 - Dŵr Cymru Welsh Water
 - Natural Resources Wales
 - Rural Housing Enabler – North West Wales Region
 - North Wales Housing Association
 - Grŵp Cynefin

Report production

- 1.6 Gwynedd Council issued draft site schedules and site proformas for consultation between 6th June and 24th June, 2016. Comments were provided by the HBF and Dŵr Cymru Welsh Water within this period. A Statement of Common Ground (SoCG) was subsequently prepared and following consultation with the Study Group (between 14th and 29th July, 2016), when comments were also received by Natural Resources Wales, it was submitted to the Welsh Government on 5th August, 2016.
- 1.7 All matters were agreed following the consultation and set out in the SoCG.
- 1.8 This JHLAS report has been prepared on the basis of the SoCG.

2. Housing Land Supply

- 2.1 The five year land supply comprises sites with outline or full planning permission, sites with a resolution to grant planning permission subject to the signing of a section 106 agreement and sites allocated for housing in adopted development plans, categorised as prescribed in TAN 1.
- 2.2 The land supply has been calculated using the residual methodology, based on the Gwynedd Council Unitary Development Plan (2001-2016), adopted in July, 2009.

Table 1 - Identified Housing Land Supply

Housing Land Supply 1st April 2016 – 31st March, 2021 - Large Sites						
		5 year land supply (TAN 1 categories)		Beyond 5 years		
	Proposed Homes	1	2	3	4	Homes completed since last study
Total	2349	193	981	352	823	128

2.3 Five year land supply breakdown (i.e. Categories 1 and 2):

Private	1056
Public	63
Housing Association	55
Total	1174

2.4 **Small Site Supply** – The contribution from small sites of less than 5 dwellings is based on the completions for the last five years.

Table 2 - Small site completions for previous 5 years

2011 - 12	2012 - 13	2013 - 14	2014 - 15	2015 - 16	Total
74	79	65	75	83	376

2.5 The overall **total 5 year land supply** (large + small sites) is: **1174 + 376 = 1550**

Table 3 - Calculating the average annual requirement where the plan period expires part-way through the JHLAS period

2.6 Given that the Gwynedd Unitary Development Plan period is 2001 – 2016 and as such expires within the JHLAS period (i.e. prior to 2021), there is a need to establish the average annual housing requirement in order to calculate the land supply figure in Table 4.

$$\text{Average annual requirement} = \frac{[(H \times N)/P] + (H - C)}{5}$$

Where:

H = Total Housing Requirement (as set out in the adopted Development Plan)

N = Number of years left in JHLAS period after the plan period expires

P = Total number of years in plan period

C = Completions from start of plan period to JHLAS base date

2.7 Gwynedd Council Average annual housing requirement

$$= \frac{[(4178 \times 5) / 15] + (4178 - 2881)}{5}$$

$$= \frac{1392.667 + 1297}{5}$$

$$= \frac{2689.667}{5}$$

$$= 537.933$$

$$= \mathbf{538 \text{ units}}$$

Table 4 - Five year land supply calculation

A	Total housing Requirement (as set out in the adopted Gwynedd Unitary Development Plan 2001-16)	4178
B	Completions from start of plan period to JHLAS base date (large and small sites) i.e. 1 st April 2001 – 1 st April 2016	2881
C	Residual Requirement (A-B)	1297
D	5 year requirement (See calculation in Table 3 i.e. average annual requirement x 5 years)	2690
E	Annual need (See calculation in Table 3)	538
F	Total 5 Year Land Supply	1550
G	Land Supply in Years (F/E)	2.9 years

3. Commentary

- 3.1 Given that Gwynedd Council have not yet adopted a Local Development Plan, there isn't the opportunity to discuss the land supply figure, and the fact that it's lower than 5 years, within an Annual Monitoring Report. As such, the following points are noted:
- 3.2 If the annual need figure noted in the UDP (i.e. 279 units per annum) was used, the land supply figure would be greater than five years ($1550 / 279 = 5.6$ years).
- 3.3 The annual need that is noted is much higher than the actual average annual completion rate over the last 10 years (183 units per annum). It is an annual build rate which has never been achieved since Gwynedd Council came into existence in 1996. Therefore it is believed that there is a sufficient land supply to meet the annual build rate ($1550 / 183 = 8.5$ years). It is believed that the annual figure noted in the UDP has not been achieved as a result of economic issues, specifically the effect of the recession upon the availability of mortgages and the provision of finance to the building industry.
- 3.4 The Joint Local Development Plan (with the Isle of Anglesey County Council) is intended to be adopted in 2016/17 (before the base date of the next JHLAS). This will release further land by means of housing allocations.

Appendix 2 – Past Completion Data

Number of Homes completed on:			
Year	Large Sites	Small Sites	Total Completions
2005-07 (2yrs)	114	225	339
2007-08	131	119	250
2008-09	57	130	187
2009-10	77	72	149
2010-11	96	66	162
2011-12	47	74	121
2012-13	92	79	171
2013-14	111	65	176
2014-15	163	75	238
2015-16	128	83	211

Appendix 3 – Previous Land Supply Data

Year	5 year supply - Number of homes (TAN 1 categories)			Number of years supply	Supply beyond 5 years - Number of homes	
TAN 1 categories 2011-14						
	1	2	2*		3i	3ii
2012	83	1640	0	4.8	866	11
2013	73	1584	0	4.5	838	11
2014	121	1233	0	3.7	880	15
TAN 1 categories 2015						
	1	2			3	4
2015	139	1205		3.3	0	1038
2016	193	981		2.9	352	823

TAN 1 categories 2012-14 (Technical Advice Note 1 – adopted June 2006):

UC – Sites or the phases of sites, which are under construction (relating only to the area where building is in progress);

1 – Site or the phases of sites where development can commence immediately, and which are likely to be completed within the first year of the study period;

2 – Sites or the phases of sites where development cannot commence immediately, but where the constraint on development is likely to be removed in time for dwellings to be completed within 5 years;

2* - Sites which are capable of being developed within the 5 year period but which lie within the areas where market demand is such that development is unlikely to occur within 5 years;

3(i) – Sites or the phases of sites where development is unlikely within 5 years by virtue of major physical constraints or other constraints as may be agreed by the Group;

3(ii) – Sites or the phases of sites where development is unlikely to occur in the foreseeable future by virtue of major long term constraints.

TAN 1 categories 2015 and 2016 (Technical Advice Note 1 – adopted January 2015):

1 – Sites or the phases of sites which are under construction;

2 – Sites or the phases of sites where development either can commence immediately, or the constraint on development is likely to be removed so that there is reasonable time for dwellings to be completed within 5 years;

3 – Sites or phases of sites where the Study Group agree that it is not financially viable to develop the site due to market conditions, but which are otherwise free from constraints;

4 – Sites or the phases of sites where development is unlikely within 5 years by virtue of major physical constraints or other constraints as agreed by the Study Group.
