Gwynedd and Anglesey Shared Lives

A shared life is a better life

Who are we?

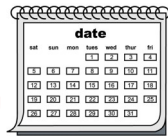

We can help you find support and somewhere to live.

Our Shared Lives enabler will welcome you to join their family life in their own home.

Long term—you can choose to live with a Shared Lives enabler and their family on a long term basis. Their house would become your home.

Respite—you might stay for a weekend or a few days as a break from where you live.

Day time support—you can go and just spend the day with one of our families

How will we help you?

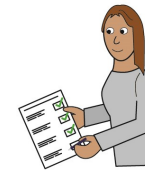

We will help you find the right support with a Shared Lives enabler.

We will help you meet a family and let you try it out so you can decide if Shared Lives is right for you.

We will help you achieve your goals and live life to your full potential.

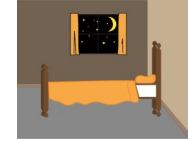

We will visit you and your Shared Lives enabler to make sure you are ok.

What is it like?

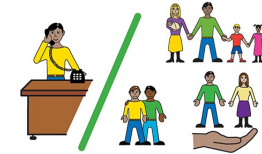

We want everyone who lives in Shared Lives to live life how they want, to be as independent as possible and to do the things you want to do.

You will have your own bedroom and share the rest of the home with the family.

You will be able to be part of the community and join in activities where you live.

You can make new friends and be supported to keep in touch with the people who are important to you.

You can learn skills like cooking, cleaning, laundry and managing your money, which might help you to be more independent in the future.
