

# NORTH AND WEST WALES MARINE CODE IN GWYNEDD

**STAY AT LEAST  
100 METRES AWAY**

## Look out for wildlife

Marine mammals and birds at sea and seals and seabirds on the shore/cliffs. If you stop to watch, enjoy their company for a maximum of 10 minutes.

## Keep your distance

At least 100 metres away from the seabird colonies, rafting seabirds and marine mammals. Do not enter sea caves, or areas where seals or seabirds are present.

## Reduce speed & sound

Within 300 metres proceed at 'no wake' speed and at no more than 5 knots.

## Be aware

If an animal's behaviour changes in response to your presence, move away quietly.

### To report disturbance contact North Wales Police on 101

The Marine Code applies to all water users. 100 metres is approx the length of a football pitch.

Gwynedd Harbourmasters and Launch Control Officers are authorised to withdraw launching and/or mooring permits from vessels and individuals not observing the Marine Code.
