Representation on behalf of British Holiday and Home Parks Association (BH & HPA) following 'Matters Arising Change' (January 2017) document.

Prepared by Savills (UK) Ltd with input from Cadnant Planning Ltd

POLICY TWR3: STATIC CARAVAN AND CHALET SITES AND PERMANENT ALTERNATIVE CAMPING ACCOMMODATION

Section 3 (iii) of this policy will only allow additional units within the Coastal Change Management Area. It was discussed at the Hearing session additional units materially assist the funding and facilitation of improvements to the layout of caravan parks to improve its setting in the landscape. Without such incentives, the inference of this section of the policy, namely to improve the setting of holiday parks in statutory designated areas, will not be achieved.

At the Hearing, examples were given of holiday parks in the Llŷn Area of Outstanding Natural Beauty (AONB) where additional units have been approved which facilitated environmental improvements.

With regards to the revised wording to paragraph 7.3.66;

Whilst the Councils have inserted a reference to 'landscape or environmental' into the first sentence, they do not acknowledge that these improvements will seek to reduce landscape **and environmental** impact.

Action Point

'and environmental' to be added

Policy D17 of the Gwynedd UDP acknowledged proposals to *improve the range and quality of tourist accommodation on the site*. This extended not only to improvements to existing layouts and additional landscaping but also acknowledged that schemes to improve existing facilities, such as amenity blocks on sites, would also be acceptable.

To that end, this section of Policy D17 was far reaching and encouraged park operators to be 'creative' in terms of on-site improvements. For example, a number of parks have improved their entrances to make 'arrival statements'. Furthermore, revenues derived from additional units could be used to improve site infrastructure or laundry blocks.

Action Point

Reference to 'landscaping improvements' should also refer to '**environmental**' and the '**other types**' of improvements referred to above.

There are drafting errors in the sentences starting '**However, it is recognised...**' and '**Provided that the increase....**' The sentences appear incomplete.

Normally, the improved siting and layout of units, together with improved internal circulation, parking areas and landscaping would result in the same number or slightly less units being accommodated. **However, it is recognised that there may be instances where such landscaping improvements could result in the number of units. Provided that the increase is minor and the increased number of units does not unacceptably harm the appearance of the site.**

Action Point

The underlined section 3.6.66 above is amended to read...

However, it is recognised that there may be instances where such landscaping improvements could justify an increase in the number of units, provided that the increased number of units does not unacceptably harm the appearance of the site.

Overall, the changes do not reflect what was discussed during the Hearing Session, especially with regards to sites within the AONB/SLA. These will be subject to a higher threshold of scrutiny given their location in protected landscape designations, which are covered elsewhere in the Plan such as Policy AMG 1: 'Special Landscape Areas', Policy AMG 2: 'Protecting and enhancing features and qualities that are distinctive to the local landscape character' and Strategic Policy PS16: 'Conserving and or enhancing the natural environment'.

The amended wording presented by the Councils to clarify the general guidance in relation to what is considered to be a 'minor' increase is welcomed, and addresses the discussions at the Hearing Session relating a 10% increase in the number of units to be a general guide as opposed to a ceiling.

NMC 164 relates to the amended wording of para. 7.3.66.

Whilst it is acknowledged that the Councils have inserted a reference to 'landscape and environmental' improvements within the first part of the first sentence, they have failed to acknowledge that such improvements will reduce landscape and environmental effects. We therefore consider that the wording should be amended to read: '...that the proposal offers significant landscape or environmental improvements to the site, reducing its landscape and environmental impacts.'

The amended wording also fails to acknowledge that improvements to existing sites can be in the form of improvements to park facilities. These types of improvements can, and have in the past, made significant overall improvements to existing sites and the para. 7.3.66 should acknowledge these types of improvements, not just landscape and environmental improvements.

There seems to be a drafting error in the sentences which read 'However, it is recognised...' and 'Provided that the increase...'. These sentences are incomplete and should be amended to read:

'However, it is recognised that there may be instances where such landscaping improvements could result in an increase in the number of units. Provided that the increase is minor and the increased number of units does not unacceptably harm the appearance of the site, an increase in the number of units would be acceptable.'

Section 3 (iii) of Policy TWR3 places an embargo on additional static caravans within the AONB and SLAs. Discussions during the Hearing Session confirmed that this provides no incentive to owners and operators to bring forward improvements to their sites. Overall, the changes do not reflect what was discussed during the Hearing Session, especially with regards to sites within the AONB/SLAs. These will be subject to a higher threshold of scrutiny given their location in protected landscape designations, which are covered elsewhere in the Plan such as Policy AMG 1: 'Special Landscape Areas', Policy AMG 2: 'Protecting and enhancing features and qualities that are distinctive to the local landscape character' and Strategic Policy PS16: 'Conserving and or enhancing the natural environment'.

Defnyddiwch dudalennau ychwanegol os bydd angen.
Nodwch faint o dudalennau ychwanegol rydych wedi'u defnyddio.....
